Labour's legacy of debt and waste

Why every man, woman and child in Britain owe £24,400 because of Labour:

What it cost then...

- ID cards: £5 billion**
- Iraq war: £7 billion**
- Failed NHS IT system: £12 billion**

...and what it's costing now.

- Projected national debt: £1 trillion**
- Debt interest payments: £80,000 per minute**

"We were in a pit of debt and we just kept digging"

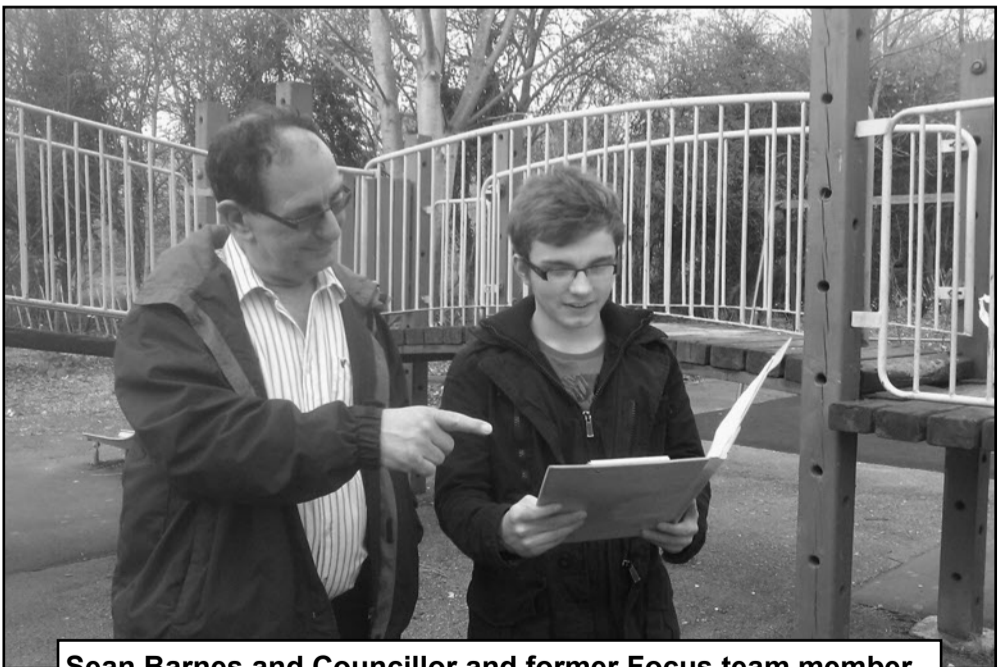

Labour's Lord Mandelson

Park cleanup Update:

The Park at **Bancroft** is due for some well needed updating. The plans which are already taking place include; the trees being cut back, Jet washing of the area, rotten poles or slats to be replaced and the equipment to be painted. The best part of all is two springy animals are to be replaced and a new piece of play equipment by the benches in the middle.

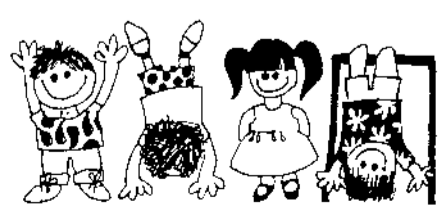

Sean Barnes said "This is great news! Whenever you go past the park its always busy, its so popular residents come across with children and grandchildren from Bancroft Park and Blue Bridge to use the park.

Its good that work has already started to take place **Bancroft** deserves a better park as some of the equipment has been there for nearly 30 years.

Sean Barnes and Councillor and former Focus team member Bill Watts looking at the new plans for the Park in Bancroft.

I am keen to try and get more opportunity's for new equipment in the future to make the parks better for the young people."
