PLAY AREA IMPROVEMENTS

Robin Bradburn and Patrick McQuillan inspect the new equipment to the Maidenhead Avenue / Walkhampton Avenue play area in Bradwell Common.

“The Focus team has been chasing up repairs and maintenance for play areas across Bradwell Ward.” says Patrick McQuillan.

Walkhampton Avenue, Bradwell Common play park has new equipment fitted. No one owns this play area, so we are trying to get Milton Keynes Council to adopt it, and maintain it properly.

Scatterill Close, Bradwell Village is planned to have landscaping work carried out to remove old woodwork and dangerous play surfaces and repair redway damage.

Conniburrow Park, Conniburrow has had equipment and footpath repairs actioned. We have also increased the regularity of litter picking along Conniburrow Boulevard.

Between **Arncliffe Drive** and **Lothersdale, Heelands**, the Conservative run Milton Keynes Council has postponed redway repairs beside the play area. “We are trying to change their minds”. says Patrick.

STREET LIGHTING ISSUES

“Thanks for your feedback on street lighting. Most people felt that the switch off of grid road lighting is OK, though some would prefer the lights to be dimmed.” says Rex Exon.

“Please let us know if any footpaths have been left unlit as a result, or if any lights have failed.”

We recently reported 39 redway lights in Heelands and Linford Wood, that were not working correctly!”

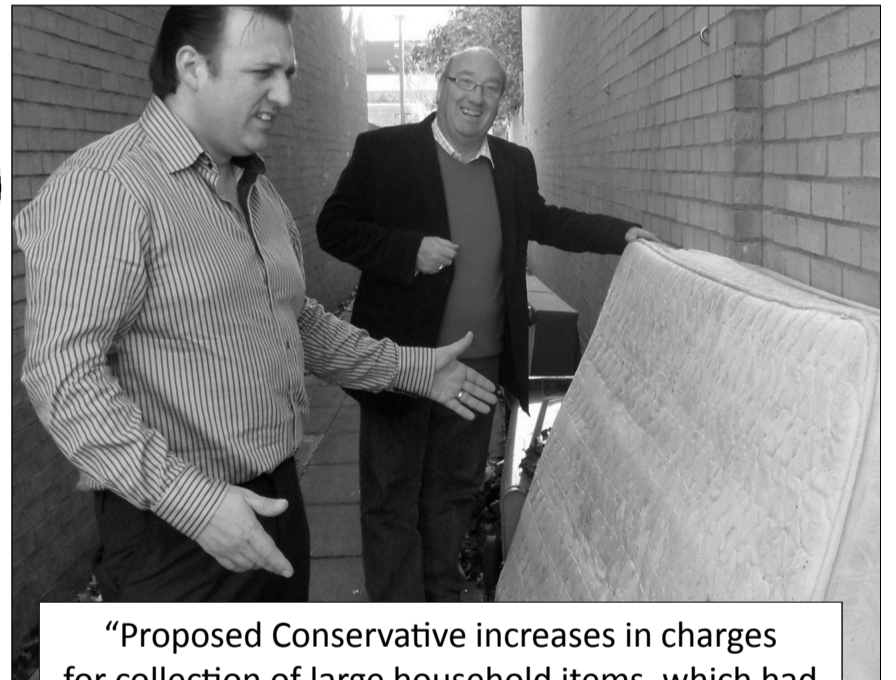

POTHOLE HOTLINE

The Conservative Council proposes to slash the budget for road and pavement repairs despite protests from the Lib Dem opposition.

You can report potholes to the Focus team or direct to the Council on **252625**, or by email to envservices@milton-keynes.gov.uk.

“**Loughton Road** and **Common Lane** have now been resurfaced and we are calling for similar work in **Conniburrow Boulevard**” says Patrick McQuillan.

“Proposed Conservative increases in charges for collection of large household items, which had been free under the Lib Dems, will increase fly tipping in our estates” says Patrick McQuillan.
